## REPORT ON THE 1<sup>ST</sup> HANGEUL DAY CELEBRATION RAYBURN COLLEGE

Rayburn College introduced its first ever Korean Language Course in the year 2022. A MoU was signed between Rayburn College and King Sejong Institute where it agreed to introduce language course specifically Korean and train the students of Rayburn College.

The Korean language class started on May 2022 with 28 students registering for the course and 26 made it to the final exam. Out of the 26 students 18 students successfully passed the Level-1 assessment. Due to the unforeseen events the town faced, its second batch was only continued in the year 2024 with a mere twelve students. We believe, with keen observation that through proper awareness and programs/events related to Korea and Korean language among students of Rayburn College, students will be well informed of the pros and prospects of learning Korean language and pursuing Korean language course as a career plan.

Keeping this into consideration, Rayburn College collaborated with King Sejong Institute to observe the Hangeul Day event, which is largely celebrated world-wide wherever Korean language course is introduced. This further gives the opportunity to enlarge, expand and impart the knowledge of Korea, Korean language and also about the Great King Sejong. **Hangeul Day** commemorates the invention and proclamation of Hunminjeongeum, the Korean alphabet, or today's Hangeul, and honors the excellence of the script.
